

## AP® French 2022

The product was designed to accompany *Thèmes* © 2022, and to follow criteria outlined in the 2019 College Board Curriculum and Exam Description (CED).

*AP® French*, like the AP® Spanish worktext, provides ample practice opportunities for each task of the AP® Exam. The authentic selections chosen for this program and the publisher-created content (emails, conversations, virtual chats), cover all AP® Themes and contexts and contain content that supports students' development of the skills targeted on the exam, as outlined in the CED.

**Sources:** Articles, literary selections, promotional materials, charts, audio reports, audio presentations, audio interviews and audio instructions are all authentic, permissioned from sources created by and for native French speakers. Letters, audio conversations, e-mail prompts and conversation prompts are publisher-created.

### Student Edition:
