Zigzag+ is a dynamic French program that engages students with games and activates throughout their language journey while also encouraging thoughtful reflection.

Overview

Zigzag + is a three-level, French-language program for children between the ages of 7 to 10 years old. Playful, clear, and spiraled in its progression, *Zigzag+* takes into account the psychocognitive development and learning capabilities of young students.

Students will join F elix, a young blogger, as he travels throughout the French-speaking world chronicling his interactions with numerous friends and acquaintances including Lila, the friendly and greedy “Madame Bouba,” “Tilou” the wolf, “Pic Pic” the hedgehog, and “Pirouette” the owl.

Organization

A multi-sensory, interdisciplinary and intercultural approach designed around collaborative and communicative tasks, each level is spiraled around six formative units of three lessons, complete with engaging readings, projects, and videos of native French-speaking children.

Enhanced Support

Zigzag+ is supported by a complete set of tools that enables teachers to guide their students through a cohesive and fun language journey. Each level includes:

- Student Book
- Student Workbook
- A methodical and rich Teacher Guide with lesson plans
