Spanish Exam Prep ©2028

Available for Fall 2026 classes

Vista's Spanish AP® Exam Preparation: AP® Spanish Language and Culture gives students exam-like practice that builds confidence for the AP® exam. The fourth edition delivers focused, exam-ready preparation with refreshed authentic sources, refined task types, and robust teacher support, fully aligned to the latest College Board course and exam framework and the digital testing experience.

Learn More

New to This Edition

- Content organized to mirror the new AP® Spanish exam structure for more intuitive, exam-aligned practice
- 35 – 40% new authentic sources selected to reflect revised themes, contexts, and voices from the Spanish speaking world
- Full-color format that creates a clear and engaging print and digital experience for students

Your Supersite Experience

Language, literacy, and culture in one connected experience

Supersite is Vista's digital teaching and learning experience for K–12 language and literacy, empowering schools and districts to drive proficiency growth, leverage educator-controlled AI, support every learner, and integrate with district systems. It brings together instruction, flexible tools, and progress insights in one connected environment.

- **Content that inspires:** Authentic, standards‑based content that builds real‑world proficiency
- **Access that empowers:** Flexible, accessible tools aligned to your programs and classrooms
- **Insights that elevate:** Clear, actionable data that guides instruction and supports every learner
- Targeted practice with exam-identical multiple-choice and free-response task types, including Project Presentation and Project Q&A activities to build speaking confidence
- Digital testing tools that mirror the online AP® exam experience, keeping students familiar with the format they'll face on exam day
- Revised practice exam and resources aligned to the new AP® course framework, task models, and Course and Exam Description changes
